# Welcome

## Dear colleagues and friends,

Get ready for the **42<sup>nd</sup> Annual Meeting of the European Bone & Joint Infection Society** which will take place in Barcelona, Spain from 26-28 September 2024.

## Timeless Foundations, Modern Peaks: Barcelona's Dynamic Spectrum

Barcelona seamlessly blends history with modernity, from the Gothic Quarter's charm to architectural wonders like Torre Glòries. Its lively streets host a dynamic art scene, pulsating with cosmopolitan energy and cherished traditions. In sciences, especially pharmaceuticals and biomedical engineering, Barcelona thrives as a hub for cutting-edge research, offering a compelling fusion of cultural richness and contemporary flair.

EBJIS 2024 will bring together experts, practitioners and companies involved in the treatment of bone and joint infections. Professionals attending the conference will benefit from high-level scientific presentations, knowledge sharing and networking opportunities.

## The key session topics are:

- ▶ Current and upcoming strategies to prevent and treat metallic implant infections
- ▶ Innovation impact on BJI (robotics, AI and app)
- ▶ Large clinical trials in Bone and Joint Infection
- ▶ Microbial etiology in PJI and new diagnostic techniques
- ▶ Multi-drug resistant pathogens in PJI: how to deal with this problem?
- ▶ Open questions in 2-stage exchange
- ▶ Painful prosthesis, is it really an infection?
- ▶ Tips for surgery in FRI and PJI
- ▶ Using local and systemic antibiotics in BJI: a match made in heaven?

The conference will again be a hybrid event and will offer live streaming and on-demand access of all sessions to all registered participants.

Mark your calendars and don't miss out on this opportunity to advance your knowledge and network with the best in the field.

We look forward to welcoming you to Barcelona in September 2024!

On behalf of the Local Organising Committee and the EBJIS Executive Committee,

**Alex Soriano**

EBJIS 2024 Local Chair  
and Past President

**Ricardo Sousa**

President of EBJIS

Scan and submit your abstract

## Abstract Submission

We encourage participants to submit interesting scientific papers, case reports and clinical studies relating to these topics. We will also consider papers on any aspect of the pathogenesis, diagnosis, treatment or outcomes of bone and joint infections. All submissions will be reviewed by the scientific Committee and will be selected for oral or poster presentation.

### Abstract Submission Deadline

8 April 2024 at 23.59 CEST

Submit your abstract on the website:

[www.ebjis2024.org](http://www.ebjis2024.org)

Pre-course on  
**Antibiotic Treatment**  
25 September 2024

## EBJIS Pre-course on Antibiotic Treatment

### Time and place

25 September 2024 at  
Palau de Congressos Barcelona

### Registration

Fee: 150 EUR (incl. VAT).

It will be possible to register for the course through the EBJIS online registration.

This full-day pre-course will focus on basic concepts on antimicrobial therapy and prophylaxis for prosthetic joint infections (PJI). It is directed at fellows interested in bone and joint infections.

The programme and more information will be available on [www.ebjis2024.org](http://www.ebjis2024.org)

FONDAZIONE  
MENARINI

The pre-course is supported by:

## Registration fees
