Focus Group

Opportunity to host a Focus Group Meeting

A focus group meeting gives companies a unique opportunity to obtain feedback from international experts and key opinion leaders in a closed forum. This opportunity may be particularly relevant for companies that:

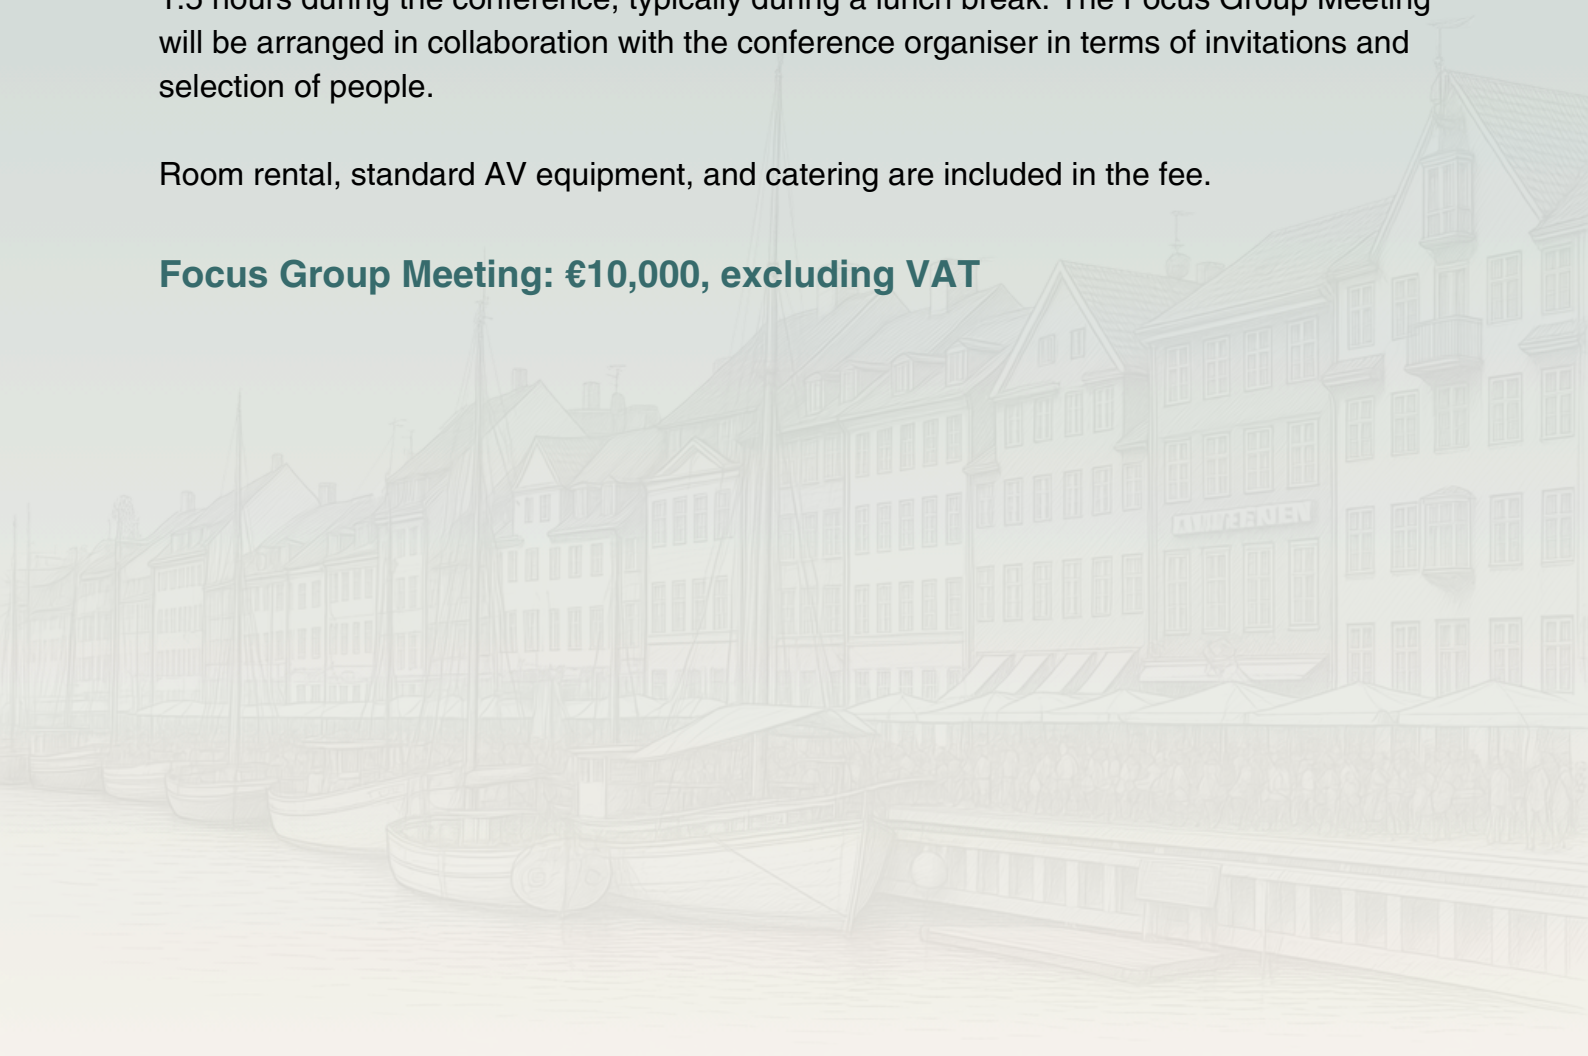

- are preparing to launch a new product
- are entering the European market and would like feedback on their existing products
- would like to establish contact with key opinion leaders
- are seeking feedback on products, clinical studies, or new ideas

A Focus Group Meeting has the advantage that you do not need to fly in and accommodate a group of people, as all key opinion leaders are already present at the conference. This makes a focus group a cost-effective way to gather feedback and engage with key opinion leaders.

Expect about 7-8 key opinion leaders to attend the Focus Group Meeting that will last up to 1.5 hours during the conference, typically during a lunch break. The Focus Group Meeting will be arranged in collaboration with the conference organiser in terms of invitations and selection of people.

Room rental, standard AV equipment, and catering are included in the fee.

Focus Group Meeting: €10,000, excluding VAT
